MOLLY WATCKE - 2006 Syttende Mai Run First Place Female Winner:

Molly Watcke was the top female finisher for the fourth straight Syttende Mai Run last May. She has won every year she's entered.

Watcke, whose father is the former men's cross country and track coach at the University of Wisconsin, is a lifetime runner. She said the secret to winning the Syttende Mai race is starting slow.

"Being patient early on in the race is extremely important in order to do well," she said. "The first year, I ran a pretty good time but I went out so fast - I think I even walked a little bit in the last few miles."

Watcke, 36, keeps coming back not only because of family - her brother lives in Stoughton and also runs - but because of her positive experiences.

"A really great thing about this race is all the walkers," she said, referring to the annual 17-mile People's Walk, which goes along the same course - only a bit shorter. "During the second half, which can get really tough and lonely out in unincorporated Stoughton, there's a lot of encouragement from the walkers."

Watcke, who resides in St. Charles, Ill., plans on running again in 2006.

MATT HOOLEY - 2006 Syttende Mai Run First Place Male Winner:

Matt Hooley was the men's winner in last year's Syttende Mai Run. He won on the tough, hilly terrain despite it being his first-ever Madison-to-Stoughton trek.

Hooley, who grew up in Missouri and is currently living in Madison, said he enjoyed his experience.

"Getting into Stoughton at the end of the race was great," he said. "There was so much support."

Hooley, 23, raced in high school and also at Carlton College in Minnesota. He also has marathon finishes to his credit and said the 20-mile Syttende Mai run was just as tough - if not a little tougher.

"It's pretty," Hooley said of the view. "But it's also a challenge. The Grandma's Marathon (in Duluth, Minn.) isn't this tough. It's Wisconsin, so it's hilly."

Hooley isn't sure if he'll be back this May, due to scheduling conflicts. But someday he says he will definitely run again. And he has a lofty goal.

"I want to break the course record," he said.

Run & Walk

The 2006 Syttende Mai Run and Walk both turned out to be excellent events. With the cooperation of the weather, competitors only had the difficult course to contend with! The changes we made two years ago to the course were continued in 2006 and contributed to a safe and successful event for all those involved. Of course, we did have to deal with construction on the Capitol Square, but it was handled well by police, organizers and runners. We truly thank all of our volunteers who help make this such a wonderful event. Without their help, we would never be able to organize a 20-mile course complete with registration, start area, aid stations, splits and the finish area.

As always, the run was a tough one over the hilly 20-mile course. It is amazing to stand at the finish line and see such a diverse group of individuals who are willing to challenge themselves to complete this course. The 34th version of the race included many personal bests and conquered goals. We look forward to reaching a milestone with the 35th running of the race in 2007. The number of runners completing the run has dropped over the past few years, which certainly speaks to the significance of the accomplishment for those that do.

The walk event did reach a milestone as it was held for the 20th year! The tradition of this walk and the pleasant weather lead to a record number of last minute sign-ups for the 17-mile event. We apologize for the inconvenience this caused with t-shirts at the finish line. Syttende Mai has a great tradition of giving out shirts only to finishers who have earned them by completing the course. Unfortunately, we couldn't plan for the rush of late entries and did our best to accommodate everyone with the shirts we ordered. We commend each and every one of you on your personal achievements and hope that you are preparing well for this year. Thank you for participating in last year's event and we hope to see you again in the future.

I understand that this release applies to myself and my personal representatives, heirs and assigns. I know that running or walking is a potentially hazardous activity, but represent that I am trained adequately and am medically able. I assume all risks associated with running or walking, including but not limited to falls, contact with other participants, effects of weather including high heat and/or humidity, traffic and the conditions of the roads. Further, I grant full permission without compensation to the Syttende Mai Committee to use any photographs, videotapes, motion pictures, recordings or any other reproduction of my participation in any event.

Medical Self-Care for Beginning Runners

Training and Preparation: You should be able to run at least 10 miles at 10-12 minutes per mile pace to finish this race. If you eat before the race, eat a light breakfast at least 3 hours before starting time. Drink about 8 oz. of fluid one hour before. Start warming up (stretching and jogging) about 30 minutes before the run.

Temperature is a critical factor. Significant heat injury may occur at all temperatures, but particularly above 60° F, wear only light athletic clothing (shorts, t-shirt or tank top). As the temperature increases above 60° F, your pace should be reduced. For example, at 80° F, beginning runners should run at least 1 minute per mile slower.

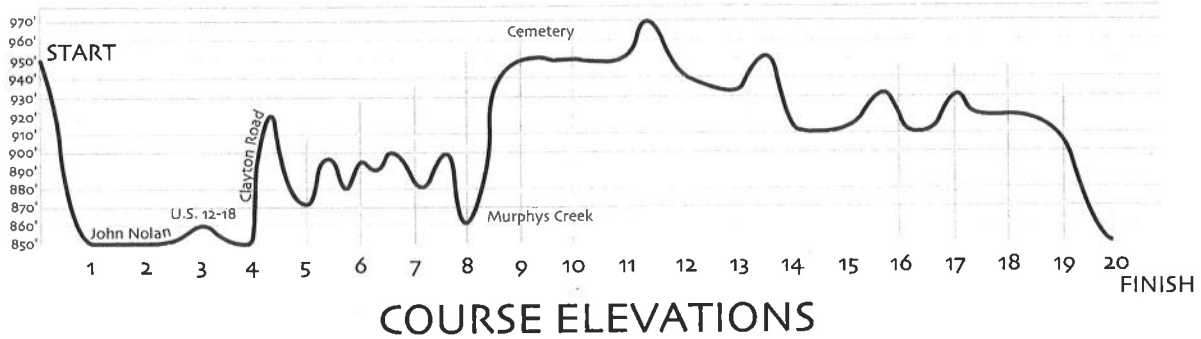

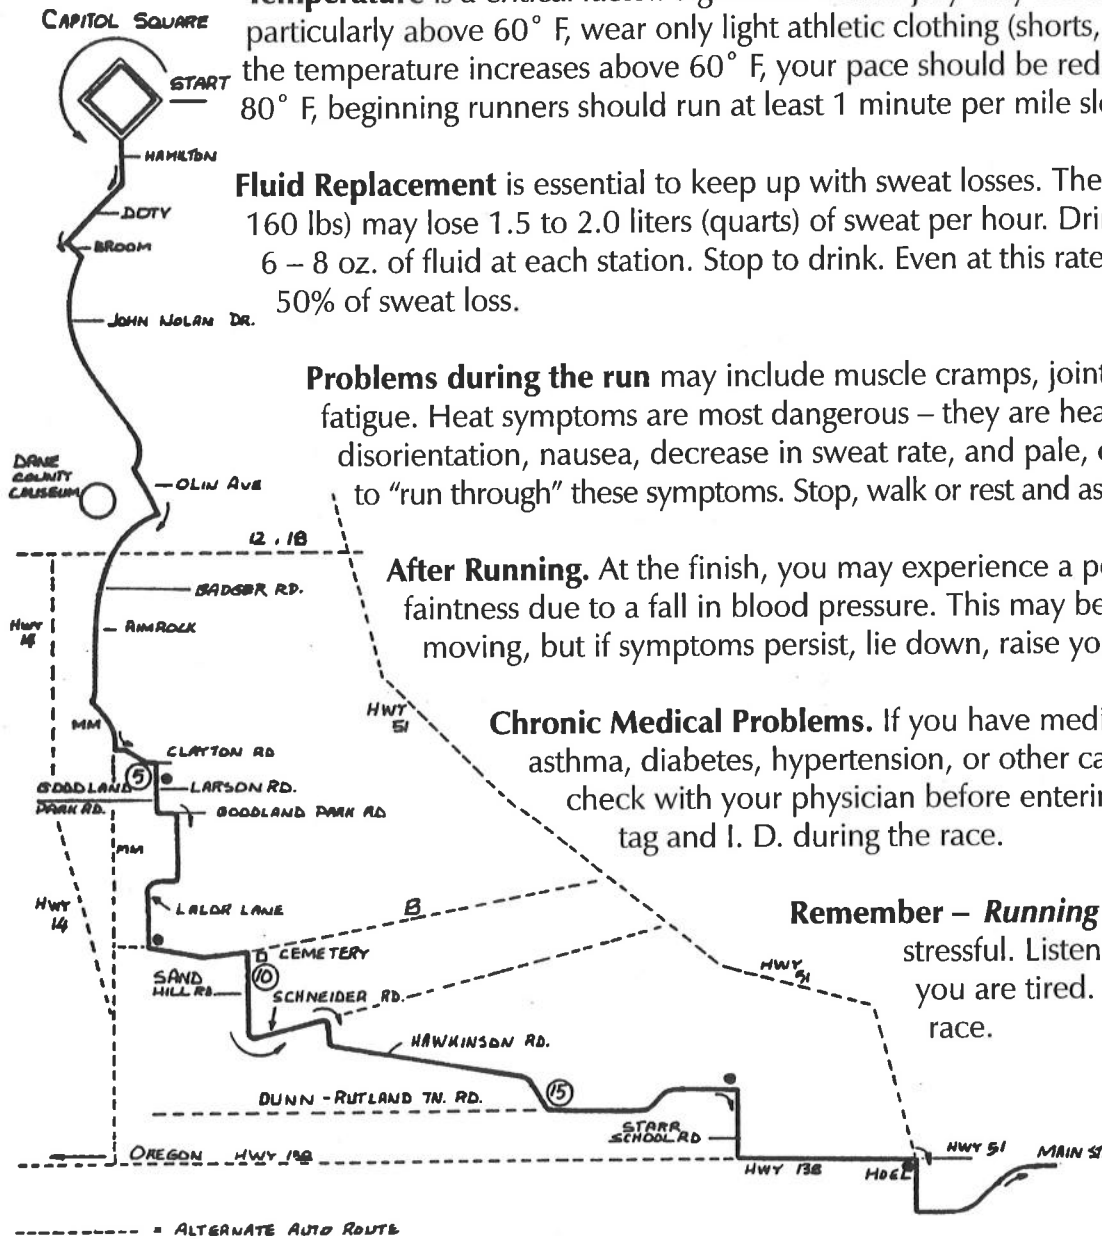

Fluid Replacement is essential to keep up with sweat losses. The average size male (140 – 160 lbs) may lose 1.5 to 2.0 liters (quarts) of sweat per hour. Drink 6 – 8 oz. of fluid at each station. Stop to drink. Even at this rate you may only replace 50% of sweat loss.

Problems during the run may include muscle cramps, joint pains, blisters and fatigue. Heat symptoms are most dangerous – they are headache, dizziness, disorientation, nausea, decrease in sweat rate, and pale, cold skin. Do not attempt to “run through” these symptoms. Stop, walk or rest and ask for help.

After Running. At the finish, you may experience a period of dizziness or faintness due to a fall in blood pressure. This may be prevented if you keep moving, but if symptoms persist, lie down, raise your legs and call for help.

Chronic Medical Problems. If you have medical problems such as asthma, diabetes, hypertension, or other cardiovascular problems, check with your physician before entering. Wear a “Medic Alert” tag and I. D. during the race.

Remember – Running is Fun. But it can also be stressful. Listen to your body. Walk when you are tired. There is always another race.
